

COVID-19 NOTICE

March 10, 2020

The College of Midwives of Manitoba is cooperating with Manitoba Health/Shared Health Services in communicating information regarding COVID-19 to Midwives in Manitoba.

At this time, there have been no confirmed cases in Manitoba and the risk associated with COVID-19 in Canada is low, however all health regions are involved in a coordinated provincial planning and response effort.

Shared Health Services is providing regular informational updates related to the outbreak and specific planning related to health care providers in Manitoba.

All practicing midwives are asked to review the information on the following website on a regular basis. <https://sharedhealthmb.ca/health-providers/coronavirus-resources/>
