

COVID-19 Office Updates

March 16, 2020

Due to the COVID-19 pandemic, and to limit the threat of community spread, the College of Midwives of Manitoba will be temporarily operating a semi-virtual office as of March 17, 2020, until further notice. The College has systems in place to ensure that staff are equipped to provide most services to the public and its members while working remotely. The College expects a few disruptions. The identified disruptions are:

- Response times may be delayed, particularly if the response requires access to a document available in-office only.
- The College office will be unavailable for unscheduled visits. In person meetings can be requested.
- Courier packages cannot be signed for at the College office. Please use Canada Post or delivery which can be dropped off via the office door mail slot. Mail will be checked on a reduced schedule of 1-2 times per week.

College staff can continue to be contacted via email and telephone during this time, please be patient if response times are delayed.

Patty Eadie, Executive Director - director@midwives.mb.ca

Janice Erickson, Registrar - registrar@midwives.mb.ca

Lynda Highway, Administrative Support - admin@midwives.mb.ca
